

# Entech/TSFEE Duct Blaster Training CEU

TEST CENTER

[www.TSFEE.com](http://www.TSFEE.com)

---

**Where:**

The School for Energy Efficiency  
145 Railroad Hill St.  
Waterbury, CT 06708

**Length:**

4 hours

**CEU's**

2 BPI CEU's

**Cost:**

\$150.00/student

**This BPI approved continuing education credit session will focus on proper duct blaster set up and testing. The class will also discuss proper interpretation of test results, duct sealing techniques and troubleshooting. This class is intended for technicians certified in BPI Building Analyst, who want to increase their knowledge and skill set in the understanding of effective duct blast testing. For those in the CT Home Energy Solutions Program, this is in ideal class to increase your technician's confidence in the process. The class will be held to a minimum of 10 students, allowing for focused learning. For company specific trainings, please call Mark below and learn more details.**

**Subjects discussed:**

1. True-flow set up and testing.
2. Duct blaster set up and testing.
3. Total Duct Leakage test.
4. Outside the thermal envelope test.
5. Interpretation of test results.
6. Proper duct sealing materials.
